ENCOMPASSING**

It's not a simple matter of fashioning and appearance. It's the age, size of clothing, color, texture, and overall style. The clothing that is a perfect match for the occasion. It's not just about the color and texture, but also about the fit and the overall look. It's about the way you feel and the way you look. It's about the way you live and the way you love. It's about the way you are and the way you are not. It's about the way you are and the way you are not. It's about the way you are and the way you are not.
